S. D. ACHAR,
Superintendent.

Notification dated 12th March 1937.

Sealed tenders will be received in the office of the undersigned up to 12 noon on 31st March 1937, for the transport of the spraying materials noted in the Schedule.

2. The tenders should be sent in the form given overleaf noting rate at which the transport will be undertaken.

3. The rates quoted by the contractor should hold good for a period of 17 days from the day of the opening of the tenders.

4. The rate quoted for the transport of the materials to each place will be considered as a separate tender by itself.

5. The earnest money as shown in column 5 of the schedule should be in currency notes or in the form of cheque on the Imperial or Mysore Bank.

6. The undersigned does not bind himself to accept the lowest tender or to assign any reason whatsoever for the rejection of any tender. If any person withdraws his tender before the acceptance or rejection of his tender is communicated to him or when the tender is accepted fails to deposit the security amount and execute an agreement for fulfilment of the contract as specified below, the earnest money deposited by him will be forfeited to Government. The acceptance of the tender rests with the Director of Agriculture.

7. The contractor shall be held responsible not only for delivering the correct weight of the materials at the destinations but also for safeguarding against damage by rain or other causes during the time they remain in his charge.

8. The name of the successful tenderer will be notified and he will be required to deposit as security the amount noted in column 6 and to execute an agreement for fulfilment of the contract as soon as the intimation of acceptance of the tender is received. The earnest money on rejected tenders will be returned.

9. In case of dispute of anykind with regard to the actual road mileage or any other aspect of the contract, the decision of the undersigned shall be final.

10. The contractor should undertake the transport early. The materials will be given to the contractor at intervals during a period of three months (either whole or in part) at the station in the schedule. The contract will be in force for four months from the date of acceptance of tender and during this period he should bind himself to transport any other materials entrusted to him at the same rate as the accepted tender rate.
